

JEETESH SURANA

Senior Android & KMM Mobile Developer | [Ahmedabad, India](#) | [+91 9057516113](#) | jeeteshsurana@gmail.com

[LinkedIn](#) | [Portfolio](#) | Play Store Apps

PROFESSIONAL SUMMARY

Senior Android & KMM Specialist with 10 years of experience building production-grade mobile applications across Android and iOS. One of the few developers in India with hands-on Kotlin Multiplatform Mobile (KMM) and Compose Multiplatform production experience — having shipped BibliaChat (Android + iOS) entirely in KMM. Led a 10-member Android team, managed 20+ cross-functional members as Project Manager, and contributed to apps with 500K+ downloads. Targeting remote KMM or cross-platform architect roles.

PROFESSIONAL EXPERIENCE

Parallel Quintillion Coders (PQC) — Independent Consulting

January 2023 – Present

Senior KMM & Android Developer

- Architected and shipped BibliaChat — a production KMM app with shared business logic across Android & iOS — using Jetpack Compose (Android) and SwiftUI integration; rated 4.4★ on Play Store.
- Implemented real-time Firebase chat, multi-version Bible reader, note-taking, and offline support in a single shared KMM codebase, reducing duplicate code by ~60% vs separate native apps.
- Built and maintained CI/CD pipeline via GitHub Actions for automated testing and dual-store (Play Store + App Store) deployments.
- Sole developer handling full product lifecycle: architecture, UI, backend integration, QA, and release management for both Android and iOS.

It Path Solutions Pvt. Ltd.

February 2022 – January 2023

Project Manager (PMP)

- Managed delivery of 18+ concurrent mobile projects across banking, social, and AR gaming verticals, overseeing a cross-functional team of 20+ members (developers, QA, designers).
- Implemented Jenkins-based CI/CD pipelines that reduced deployment time by 20% and improved release reliability across 150+ total project resources.
- Drove Agile/Scrum ceremonies, including sprint planning, retrospectives, and stakeholder reporting across multiple simultaneous project tracks.
- Maintained technical oversight on Android architecture decisions while managing timelines, budgets, and client communications.

Just Code Now Pvt. Ltd.

June 2018 – January 2022

Team Leader & Senior Android Developer

- Led a 10-member Android team delivering high-scale consumer apps — including Tatatu (1L+ downloads, social media with real-time video) and eMeals (500K+ downloads, 3.9★, food delivery & meal planning).
- Engineered real-time features for Tatatu using WebRTC and Socket.IO — handling live video streaming, peer-to-peer calls, and in-app messaging at scale.
- Developed Dhyeya IAS (10K+ downloads), an ed-tech app featuring video streaming, custom performance graphs, and Firebase-backed content delivery.
- Integrated Google Maps API, Retrofit REST clients, and Firebase Firestore across multiple production apps; mentored junior developers and conducted weekly code reviews.

Proton Bits Pvt. Ltd.

August 2017 – June 2018

Android & Unity Developer

- Developed mid-level Android applications and Unity-based mobile games, focusing on performance optimization and smooth UI delivery.
- Built blogging and YouTube listing apps with custom adapters, REST API integration, and Material Design implementation.

Tech-fi Technology

June 2016 – August 2017

Junior Android Developer

- Developed web-view-based Android applications for small businesses and coaching centers, gaining foundational expertise in Android SDK, Java, and client delivery.

TECHNICAL SKILLS

Core & Cross-Platform: Kotlin · Java · Swift · Kotlin Multiplatform Mobile (KMM) · Compose Multiplatform · Jetpack Compose · Android SDK

Architecture: Clean Architecture · MVVM · MVI · Repository Pattern · SOLID Principles · Scalable Mobile Architecture

Async & Reactive: Kotlin Coroutines · Flow · StateFlow · SharedFlow · RxJava

Networking & APIs: Retrofit · RESTful APIs · GraphQL · WebRTC · Socket.IO · Google Maps API

Database & Storage: Room · SQLite · Realm · DataStore · Firebase Firestore · Firebase Realtime DB

Firebase & Services: Firebase Auth · FCM · Crashlytics · Analytics · Remote Config · Push Notifications

DI Frameworks: Hilt · Dagger · Koin

Testing: JUnit · Espresso · MockK · Mockito · LeakCanary · Timber

DevOps & CI/CD: GitHub Actions · Jenkins · Git · GitLab · Google Play Console · App Store Connect

Tools & Methods: Android Studio · Xcode · Jira · Agile · Scrum · Sprint Planning · Code Review

KEY PROJECTS

BibliaChat · KMM (Android + iOS) · 500+ downloads · 4.4★

Bible reading app with real-time Firebase chat, multi-version switching, offline support, and note-taking. First KMM production project — shared 100% of business logic across Android and iOS.

eMeals — Meal Planning App · Android (Kotlin) · 500K+ downloads · 3.9★

US-market meal planning app with weekly recipe delivery, grocery list integration (Walmart, Instacart, Amazon Fresh), and diet plan management. Active with 14.8K+ reviews.

Tatatu — Social Media App · Android (Kotlin) · 1L+ downloads

Social media platform rewarding users for content sharing, built with WebRTC for video calls, Socket.IO for real-time messaging, and Firebase for user data.

Dhyeya IAS — Ed-Tech App · Android (Kotlin) · 10K+ downloads

Ed-tech platform for IAS exam prep featuring video streaming, custom performance graph analytics, and Firebase-backed content management.

EDUCATION

Master of Computer Applications (MCA)

2013 – 2016

Government Engineering College Bikaner, RTU

Bachelor of Computer Applications (BCA)

2010 – 2013

Shree Jain PG College, Bikaner, MGSU
